A session was organized at SSI for students. The guest speaker, Ms. Mukta Nadkar, program quality director, Toastmaster spoke on how we can make a difference in our day to day lives. The students were amazed to know how, small changes in our daily schedule can make our life interesting. She spoke about communication skills and leadership. One of the biggest problems in communicating with each other is fear. She took an activity in which around 7 students participated. She made the students realize that one can do anything if he /she has confidence. The main motive of the session was to build a stage daring confidence among the students. **For the building language proficiency Mukta ma'am has given 15 hours of activities which students can do in a group or mirror practicing.**

This session was really an eye opener and fruitful to the students and all the students look forward for such enriching sessions in the near future.
